IDEMITSU ASIA TALENT CUP

Is an exciting competition started in 2014 to find talented riders across Asia and Oceania. The competition run by Dorna and led in part by Alberto Puig provides a spotlight for the most talented riders and is the formal path into competitive road racing.

HOW TO BECOME AN ASIA TALENT CUP RIDER?

There are 22 riders selected to participate every season. Some riders currently racing in the 2021 edition will race again in 2022 and there will also be new riders entered for the 2022 season. The new riders will be chosen at the Selection Event which will be held at the Sepang International Circuit in Malaysia on 26th and 27th October 2021. To participate in this Selection Event all riders must submit online application and the Selection Committee will then invite approximately 200 riders to the Selection Event.

ABOUT THE CHAMPIONSHIP

The 2021 season consists of 12 races held at 6 events either as a support category to MotoGP™ or WorldSBK in Qatar, Japan, Thailand, Malaysia & Indonesia. The organization provides all riders with Honda NSF250R Moto3 bikes and full racing equipment. Moreover, riders are being guided by Alberto Puig as well as being trained how to set up the bike by our experienced technical crew. The organization also takes care of all logistics, set up and medical insurance as well as accommodation and on-site transportation at all events. Riders only cover costs for flight tickets (also booked by the organization) and food.

Six riders from the first editions are already participating in the Moto3 World Championship: Ayumu Sasaki, Kaito Toba, Yuki Kunii, Ryusei Yamanaka, Deniz Oncü and Andi Izdiyar.
